## Oneness of Life

### ONENESS OF LIFE

Now it's one thing, respecting a boundary  
Savoring our different flavors, improves the recipe  
But when I hurt, seems like I build a wall  
You're a voodoo doll inside my mind, not really you at all  
Then I lift my face to hear the clouds and sunlight speak  
And I can see you as you are, vulnerable and weak  
A looking glass, reflecting a mystery  
Where no one stands alone, originally

### CHORUS

Believing in the Oneness of Life  
Relinquishing my anger and jealousy  
Believing in the Oneness of Life  
Dissolving the illusion of you and me  
Believing in the Oneness of Life  
Delivering equanimity  
Believing in the Oneness, the Oneness, the Oneness of Life

Now it's one thing, protecting integrity  
Letting everyone upset me, distorts reality  
But when I'm wrong, I huff and puff and bluff  
I'm a shining knight inside my mind, hey,  
Watch me strut my stuff  
Then I lift my face to hear the clouds and sunlight speak  
And I can see me as I am, vulnerable and weak  
A microscope, inspecting an endless sea,  
Where no one makes mistakes, originally (CHORUS)
